Executive Summary

AK Token is a community utility token on Polygon connecting NFT collections, real world business context, community rewards, digital product bonus experiments, public dashboard transparency, and future proposal preparation.

Founder, Vision, Mission

Founder Section

Founder: Alan Kribo

Vision

Mission

- Connect AK Token with NFT collections and community reward activities.
- Use public dashboard and wallet links to maintain transparency.
- Provide utility direction through selected digital product bonuses.
- Connect community utility with real world business and Web3 education experiments.

Treasury and reserve are presented under the same wallet unless a separate reserve address is publicly assigned.

Real World Utility

Real World Utility Section

- Lungkomas Frozen Food (25 years business)
- Alan Digital Shop
- Community reward experiments
- Customer loyalty concept

Digital Product Bonus Program

AK Token may be used as a community bonus for buyers of selected digital products from Alan Digital Shop.

Important Note

This bonus program is utility-based and does not promise profit, income, or token price increase.

Digital Product Examples

Alan Digital Shop Use Cases

AK Token can support controlled community utility experiments around selected digital product categories.

Examples

- AI Prompt Packs
- Content Calendar Templates
- Social Media Kits

Utility Direction

Digital product utility is intended for access, bonus, loyalty, education, and community engagement experiments, not financial return promises.

NFT Ecosystem

AK Token is connected with six NFT collections under the ZOQstudio OpenSea profile. These collections create the cultural, character, and digital art layer of the ecosystem.

JCL

Jawa Cosmic Legends

Cultural and cosmic themed NFT collection inspired by Javanese legends.

<https://opensea.io/ZOQstudio?collectionSlugs=jawa-cosmic-legends>

Z1

Zurp #001

Early Zurp collection connected to the ZOQstudio NFT universe and AK Token ecosystem.

<https://opensea.io/ZOQstudio?collectionSlugs=zurp-001>

Z2

Zurp #002

Second Zurp collection expanding the visual identity and collectible universe.

<https://opensea.io/ZOQstudio?collectionSlugs=zurp-002>

NFT Collections

Z3

Zurp #003 The Foes of Prince Zoq

Character-driven NFT collection featuring the foes and story layer of Prince Zoq.

<https://opensea.io/ZOQstudio?collectionSlugs=zurp-003-the-foes-of-prince-zoq>

JLC

Javanese Legends Collection

NFT collection inspired by Javanese myth, folklore, and digital cultural storytelling.

<https://opensea.io/ZOQstudio?collectionSlugs=javanese-legends-collection>

PB

Putri Bali

NFT collection inspired by Balinese traditional culture and digital art.

NFT Membership Direction

The NFT ecosystem may support future membership access, community identity, collectible recognition, and reward experiments connected with AK Token.

Grant Proposal Summary

Preparation Summary

AK Token Ecosystem is preparing a grant proposal to support community growth, NFT ecosystem visibility, public dashboard development, and future utility experiments.

Grant Focus

- Community holder growth
- NFT ecosystem integration
- Public transparency dashboard
- Digital product utility experiment

Note

This section is a preparation summary and does not guarantee grant approval.

SUI Direction and Roadmap
